25X1A Housing Project, Fiscal Status

ACTION REQUIRED - REFERENCES

25X1A [Redacted] dated 22 January 1968

25X1A 1. A review of [Redacted] proposals to apply surplus funds from the housing and antenna projects to the receiver facility has resulted in a Headquarters determination that the funds transfer or reapplication cannot be authorized. Each of the three projects was approved in different fiscal years; each was approved as separate entities; and, the "after the fact manipulation" of funds would contravene [Redacted] and [Redacted] regulations.

25X1A

2. If current prohibitions on overseas construction other than that directly related to the Vietnam effort can be resolved in our favor, additional funding for the receiver facility may be possible; if funds are not forthcoming, consideration will be given to the elimination of all but the basic shell, if necessary, to get down to the amount programmed to date in anticipation of additional monies in FY70. Although we are hopeful that it will not come to this, early receipt of a cost breakdown derived from the Quantity Survey, currently due, would be most helpful.

3. In light of the foregoing, authorization is granted to proceed with the application of surplus housing funds to referenced housing improvements at the levels indicated below:

Item A	\$ 3,000
B	\$ 7,700
C	\$ 1,000
E	\$ 1,200
F	\$16,000

Authorized Total - \$28,900
